## EDUCATION

---

---

### ENHANCING OUR COMMUNITITES

We are privileged to partner with private and public educational institutions to create the learning centres of tomorrow.

### YOUR BUILDING NEEDS COVERED

Sensus offers extensive industry experience in designing and constructing interactive learning classrooms, re-roofing schools, designing entirely new structures and seating, and maintaining existing grounds. We are experienced in primary, secondary and university works.

### Sensus has delivered a range of initiatives for

- private and public primary and secondary schools;
- tertiary institutions (universities and TAFEs)
- libraries;
- stand-alone kindys; and
- childcare centres.

We understand the educational community and collaborate closely with school leadership to deliver strategic outcomes. We look forward to working together on your next education project.
